JURY SWORN IN HALL CASE

Presentation Of Evidence In Incest Trial Begun On Tuesday Morning

The presentation of testimony in the second trial of Lowell Hall, charged with incest, was resumed at 1:30 Tuesday afternoon in Superior Court before Judge E. N. Rector.

Selection of a jury in the case was completed Tuesday morning shortly before 10 o'clock, after court had recessed at mid-afternoon Monday when the original venire of fifty-five was exhausted and a special venire of fifteen had not appeared.

The jury as sworn includes Albert Engesser, F. H. Brown, J. M. Strickland, John A. Larsen, U. C. Meyers, L. W. Pendleton, C. E. Cribbs, Rudolph Kunigk, Frank J. Kipp, W. F. Galleher, John C. Porter and Albert G. Springer, Jr.

Following swearing of the jury and during the statement of the People's case by District Attorney Henry S. Lyon, the jury was excused while Mr. Lyon and defense counsel C. W. Pearson argued upon the admissibility of certain alleged earlier acts by the defendant, claimed to have been committed outside the county but within the state.

The court ruled with the District Attorney following which the jury was returned to the court room. One witness was examined prior to the recess for lunch to reconvene at 1:30 o'clock.

North Side Road To Tahoe Due

Forest Service Working On Development Of Route Via Loon Lake, Rubicon Springs

Eldorado Forest is completing its second year of work toward the development of a road to Lake Tahoe via Georgetown, it was revealed Monday night at the regular meeting of the chamber of commerce.

Forest Supervisor Edwin F. Smith sketched the development of the new road after Secretary Wallace M. Ripley reported that efforts to obtain improvement of the road from McKinney's to Rubicon Springs, as urged by members of the chamber, appeared to be "stymied" by the circumstance that much of the road is in Placer County.

Members pointed out that the road, although a county road, is used solely for recreational purposes and that the expense of transporting equipment to the site is too costly for either El Dorado County or Placer County to undertake.

Supervisor Smith then stated that the forest service is completing the second year of work on the road and this season will improve the route as far as Loon Lake.

In later years, he indicated, as funds are available, his office has plans for improvement of the road to Rubicon Springs and from that point to McKinneys.

Condemnation Action Filed On Tuesday

The State Department of Public Works on Tuesday filed a condemnation suit to obtain a right-of-way for the new highway west of Clark's Corner, through certain parcels of property in this district. As is the custom in such undertakings, a bid was posted to insure payment of a reasonable amount for the rights of way, and the work will go forward without waiting for settlement of the action. W. J. Clark, El Dorado Irrigation District and others are named as defendants.

Camino Couple Marry Sunday At Shingle

Justice of the Peace Will G. Taylor of Shingle Springs, officiated Sunday at the marriage of John Ensey, 22, and Kitty Mable McAdams, 20, of Camino, according to a certificate of record Tuesday at the office of Recorder Charles Marsh.

Birth of a daughter, Elmerita Morlea Tonzi to Mr. and Mrs. George L. Tonzi of Ione, on September 18, was of record Tuesday at the courthouse. The babe was born at Placerville Sanatorium.

PLACERVILLE LIONS SPONSOR HOMETOWN SHOW OCT. 7 & 8

"Why Men Marry" Will Have Cast Of 70; Director Will Arrive Monday Morning To Start Rehearsals; First "Theatrical" Of Club In Seven Years

Placerville Lions at their luncheon Tuesday noon at Hotel Raffles announced plans to present a show, "Why Men Marry," at the high school auditorium on Thursday and Friday evening, October 7 and 8.

The presentation will have a cast of seventy and will be staged by the De-Roy Play Company of Hampton, Iowa, whose director, Esther Dee Ludwig, will arrive in Placerville this week-end, and will begin an enrollment of the cast for rehearsals on Monday morning.

Lion John H. Palmer is general chairman for the show and will be assisted by several committees.

"Why Men Marry," is the first theatrical undertaking of the Lions since the Lions Frolic, staged in 1930.

Other business of the club Tuesday included the election of L. J. Anderson to serve as tail-twister for the next two months, and the welcoming of Cecil George as the cub of the den.

The club had as guests, Judge and Mrs. E. N. Rector and the speaker was R. N. Lung of the high school faculty, who spoke on "Constitution Day."

It was announced that the October 5 meeting will be Boy Scout Day and the time for the "kick-off" for the annual campaign for financial support for the Boy Scout movement. Judge J. F. Pullen of Sacramento, will be the speaker.

RATE REVISION OPPOSED BY RESOLUTION OF COMMERCE BODY

The proposed revision of rates for shipping between Northern California points, by railroad, truck and boat, which will come before the state Railroad Commission at a hearing at San Francisco on September 29, is opposed by the El Dorado County Chamber of Commerce.

A resolution stating the chamber's position was adopted at that body's regular September meeting Monday night at Hotel Raffles and will be sent to the Railroad Commission.

Members of the chamber of commerce felt that the proposed rate changes will inflict a hardship upon shippers in small lots and that the present rate structure is fair and reasonable to all parties.

\$10,000 ADDITIONAL FOR AUBURN-COOL GRADE IS ASKED

An additional appropriation of \$10,000 for improvement of the grade from the county line at the suspension bridge over the American River, to Cool, was asked of the Department of Public Works in a resolution adopted at Monday night's meeting of the Chamber of Commerce.

A report from J. R. Johnson, chairman of the chamber's highway committee, said that the expenditure of \$10,000 recently on improvement of the grade has served materially to improve the road but that the money is now exhausted.

Mr. Johnson, who submitted his report through President A. H. Murray, pointed out that there are several bad curves near the top of the grade which need improvement and the additional appropriation was urged for the completion of this work.

Nevada Road Boosters Map Service Station

Nevada boosters of travel over U. S. Route 50 are planning to establish a gasoline service station and information bureau at Wendover, Nevada, to direct travel westward.

This is according to word received during the week by the El Dorado County Chamber of Commerce from Archie Pozzi, the well-known good roads enthusiast at Carson City.

Royal Arch Chapters To Meet Jointly Friday

Members of St. James Chapter, No. 16, R. A. M., are being advised of a meeting of their order to be held at the Masonic temple in Placerville on Friday night, September 24.

The members of Sutter Creek Chapter No. 11, and Calaveras Chapter No. 3, R. A. M., will join in the meeting at which Delos A. Mace, Grand High Priest, will be a visitor.

The meeting will convene following a 6:30 o'clock supper.

COOKING SCHOOL TO OPEN WEDNESDAY

Housewives Invited To See Screening Of Interesting, Instructive Feature Film

The first motion picture cooking school ever conducted in the county will open Wednesday afternoon at 2 o'clock at the Empire Theater.

The demonstration of the culinary arts, with numerous "closeups" showing the various operations, will continue each afternoon for three days, Wednesday, Thursday and Friday. There is no admission charge.

The cooking school, which features the Hollywood-made motion picture, "The Bride Wakes Up," is presented for housewives of Placerville and El Dorado County under the sponsorship of The Mountain Democrat.

While it is true that the picture was cast, directed and made in a famed Hollywood studio, it was assembled thoughtfully and patiently to bring more than passing amusement. Everyday happenings were dramatized in the sound plot. Behind the sparkling humor and suspense that are so necessary to screen stories, was a deliberate plan—an ambitious determination to carry instructions, inspiration and worth-while home news to women in every community.

The camera and the home specialists got together on their vigorous investigation. Never has the camera been more faithful than in this motion picture cooking school. Never has a model kitchen been portrayed so accurately and in such detail.

POSTOFFICE SITE OFFERS ARE INVITED BY TREASURY

In an advertisement, published for the first time in this newspaper, the Treasury Department today solicits proposals for sites for the projected new postoffice building in Placerville. Proposal blanks may be obtained from Postmaster Joseph Scherrer, with whom they should be filed in time for the opening of proposals at his office on October 1.

The Treasury Department desires that corner lots offered for consideration have a 125-foot frontage with a depth of 180 feet, or that interior lots offered have a 150-foot frontage with a depth of 180 feet. Sites having different street frontage dimensions will be considered provided the area is about the same.

Former County Resident Passes At Oakland

Friends have received word of the death at Oakland recently of Hattie Ayres Richards, a native of Shingle Springs and for many years a resident of this county. She passed away at Oakland on Saturday and last rites were held Monday at Oakland and were followed by cremation. A sister-in-law, Mrs. Ella Ayres, of Stockton, survives.

Harry Baxter Rites Held Tuesday At Shingle

Funeral services for Harry Baxter, 69, aged Shingle Springs man, who died on Thursday last at Repressa, were held at the graveside at Shingle Springs on Tuesday.

Mr. Baxter was a native of Iowa and came to California as a young man. He was widely known in western Amador and El Dorado counties, where he had been engaged in ranching and mining.

D. C. Willett, of the division of architecture of the state Department of Public Works, was a visitor in Placerville Tuesday, conferring with School Superintendent E. J. Fitzgerald.

CHILD CLINIC SEPT. 28

Dr. LeRoy Abbott, Orthopedic Specialist At U. C., Will Examine Children

The State Department of Public Health has made final arrangements for a crippled children's clinic to be held in Placerville on September 28 at the courthouse.

Dr. Walter M. Dickie, Director of State Department of Public Health under whose direction the clinics are held has assigned Dr. LeRoy C. Abbott, orthopedic specialist from University of California to examine the children.

Mrs. Helen Byrnes, county nurse, and Mrs. Irene Larsen, Placerville school nurse, will be glad to register any physically handicapped child reported to them and advise the parents whether or not their child's condition comes within the scope of this clinic.

Dr. A. A. McKinnon, health officer, and E. J. Fitzgerald, county superintendent of schools, have approved the program and are co-operating with service clubs in local arrangements.

These clinics, which are being held throughout the state, are endorsed by the State Medical Society of California. Any child, already under care, should consult his private physician before attending the clinic.

Children from Placerville city schools are to report between the hours of 8:30 a. m. and 11:00 o'clock a. m., and children from outside districts and rural areas should report between 1:00 p. m. and 3:00 o'clock p. m.

Farm Bureau To Outline Work

County-Wide Meeting Called For Friday Night At Office Of Farm Advisor

The winter program of the El Dorado County Farm Bureau will be outlined at a meeting to be held Friday night at 7:00 o'clock at the office of the Farm Advisor.

Call for the meeting was issued last week-end by James A. Irving, county Farm Bureau president, who explained that the meeting is a conference of representatives of the various centers.

Rescue and Kelsey centers are all ready started on their meetings for the fall and winter season while Camino, Gold Hill, Cool and summit centers will take up their work at October meetings.

It is hoped that the conference on Friday evening will result in outlining a constructive year's program and one which will be at once profitable as well as entertaining.

DR. LONG APPEALS FROM CONVICTION AT BAY CITY

SAN FRANCISCO (UP)—An appeal from his conviction in Superior Court on charges of performing an illegal operation was filed today in Appellate Court by attorneys for Dr. C. C. Long.

The appeal is based upon nineteen allegations including contentions that the jury which heard the case had received evidence out of the court room and was guilty of misconduct.

Dr. Long was convicted of charges which were filed following the death of Mrs. Genevieve Arganbright, upon whom he was alleged to have performed an illegal operation.

Church Fellowship Dinner On Wednesday Night

Members of the Federated church will inaugurate the winter series of Church Fellowship dinners, at the church on Wednesday night. The dinner this time will especially honor the teachers of the community, who have returned to their work following the summer vacation.

The dinner will be prepared and served by women of the church.

The church fellowship dinners will be held regularly through the winter and early spring on the fourth Wednesday evening of each month.

Wilbur W. Woodbridge, of the regional forest office at San Francisco, was on Eldorado Forest Monday and Tuesday in connection with the inspection of machinery.

COMMANDER HARRY W. COLMERY, of the American Legion, was in the reviewing stand today as upward of 100,000 Legionnaires marched in their annual parade, a high-light of the annual National Convention of the Legion, at New York City.

HOUSING SHORTAGE IN COUNTY AIRED

Chamber Of Commerce Will Make Survey To Determine Extent Of Need For Homes

There is a shortage of residences in El Dorado County which is reacting unfavorably upon the business growth of the county, according to L. W. Loomis of El Dorado, who appeared Monday night before the regular September meeting of the chamber of commerce.

Loomis said that workmen are coming into the county to work on road projects and are unable to find residences and he declared that a number of men employed in the various mines of the county are driving as far as 30 miles to their work.

Dr. L. J. Anderson supported Mr. Loomis' complaint of the need for small home financing in the county and said the matter had been called to the attention of the chamber of commerce as long ago as ten years, and several times since then.

Members of the chamber of commerce expressed the belief that the problem of small home financing is one which private sources should consider and advanced the opinion that private capital would be attracted to the project if a consideration of the facts indicated such an undertaking would be a sound investment.

In support of this probable course, the chamber of commerce asked Secretary Wallace M. Ripley to make a survey of the housing need, so that the results of the survey might be published and, possibly, would be of interest to parties who had the means to undertake such an investment.

91ST DIVISION REUNION AT SAN FRANCISCO THIS WEEK-END

Friday, Saturday, and Sunday, September 24, 25, 26.

Three big days in the lives of 91sters! And are the boys turning out this year! Headquarters for the convention-reunion at 128 Veterans' Building, San Francisco. John J. Sullivan, general chairman, reports the greatest influx of out of town reservations in the history of the divisional gathering. Practically every town and little hamlet in the state will be represented at this get-together of "Powder River" buddies, the nineteenth annual convention-reunion of the famous "Wild West" 91st Division.

Landmarks Committee Reports Progress

The landmarks committee of the county chamber of commerce, consisting of J. H. Quigley, Reul Whigham and Secretary Wallace M. Ripley, is co-operating with similar agencies in adjoining counties to develop a uniform type of marker which can be placed upon historic sites.

This was the report of the committee at Monday night's meeting of the chamber of commerce. Secretary Ripley said the committee is not prepared at this time to submit a complete list of historic sites in the county which might be marked, but that such a list is being compiled and may be available at the October meeting of the chamber.

WEATHER

Fair tonight, Wednesday; Max. at 11 a. m. 87 degrees; low last night, 45 degrees.

FOREST CHANGE IS OPPOSED

Proposed Transfer Of Agency To Conservation Department Draws Vigorous Protest

The passage of Senate Bill 2700 by Congress, which proposes to set up a Department of Conservation under which the forest service and other governmental agencies would be governed, is vigorously opposed in a resolution adopted Monday night at the regular meeting of the El Dorado County Chamber of Commerce.

The forest service is now and for several years past has been under the supervision of the Department of Agriculture and the proposed enactment would take the forest service from the Department of Agriculture and place it in the Department of Conservation which would embrace, principally, the functions of the present Department of Interior.

The matter had been referred at the August meeting of the chamber of commerce to the chamber's legislative committee, consisting of L. J. Anderson and H. E. Dillinger, who reported Monday night their opposition to the proposed change.

The recommendation of the committee was shared generally by members of the chamber who expressed the conclusion that the present forest service organization under the Department of Agriculture is well known, that its plans and policies in land management are established and are generally approved and that such a condition should not be traded for any uncertainties which might develop were the transfer to another department granted.

The proposed change is an important matter for the mountain counties of California, wherein the principal forests of the state are located, and to the forest regions of the west, generally.

\$25,000 Project At Echo Lake

Trading Post Development In Resort Area Outlined By Forest Supervisor

The government's plans for the development of a trading post at Echo Lakes, to serve the surrounding summer homes and also the Desolation Valley Primitive Area, were briefly outlined at Monday night's meeting of the chamber of commerce by Forest Supervisor Edwin F. Smith.

Mr. Smith said the detailed plans for the projected trading post development will be in his office in about 30 days.

The government will accept offers from anyone desiring to apply for a permit to develop the resort and solicit inquiries from qualified applicants, Mr. Smith said.

Parties who apply should be prepared to invest \$25,000 in the business and must have had experience at meeting the public, Mr. Smith said.

The government will require the erection of two buildings including a bathhouse and a store and postoffice.

Roads, piers and landscaping are now being put in by the government in anticipation of consummating a special use lease on the property in time for its operation next season.

Summer Homes Sites To Be Advertised

The attractions of El Dorado County as a vacation center will be advertised by the chamber of commerce in newspapers in the Sacramento Valley and at the bay district next spring, according to plans advanced at the September meeting of the chamber of commerce on Monday night.

Secretary Wallace M. Ripley revealed that the suggestion that such a program be undertaken immediately had not been acted upon, since the summer homes season is nearing a close and it was felt that advertising in the coming spring might attract a larger number of prospects.

It was stated that Eldorado Forest will be asked for information as to the location of available summer homes sites which may be incorporated in the advertising to attract home owners to our growing summer homes colony in the American River canyon and as well in the region east of Georgetown.

J., packed her bags and went home, leaving pageant officials breathless. Her father reported she had been ordered to bed because of exhaustion, despite a \$1,000 vaudeville contract.

AUGUST BUSINESS SHOWS CONTINUED GAIN OVER STATE

California business in August was well above the corresponding month of last year, according to the current Bank of America Business Review.

Contrasted with August, 1936, weekly payrolls and average employee earnings

in manufacturing industries were up 19.8 per cent and 14.2 per cent, respectively, while factory employment rose 4.9 per cent. Compared with July of this year, employment gained 8.7 per cent and payrolls increased 7.1 per cent. Average employee earnings, however, declined 1.5 per cent.

The index of prices received by California farmers for 24 principal products in August stood at 121 per cent of the 1910-1916 average, the highest mark for that month since 1930 and 12 per cent over August, 1936, as against a decrease of 4.7 per cent from July of this year.

Bank debits of 15 California cities for August were 12 per cent greater than a year ago but 1.5 per cent below the July total. For the first eight

BUFFALO STRAIN BEING INTRODUCED INTO CATTLE HERDS

McINTOSH, S. D. (P)—A novel experiment in cattle raising is taking place in the southern part of Corson County, where several head of buffalo have been introduced into cattle herds in hope of developing a larger, sturdier

type of beef animal.

Ranchers from the Grand River area and south report that buffalo take charge of their herds of domesticated cattle, acting as caretakers, leading the cattle to water and then back to feeding grounds.

Offspring of buffalo and cattle are wider through the shoulders than domestic cattle. It is hoped if they can be raised successfully that ranchers will benefit from a new type of animal

able to endure severe heat or cold.

They point to the fact that this section of South Dakota once was the natural habitat for countless herds of buffalo that survived the worst winter known to pioneers, although man provided no food or shelter.

Calaveras County has been declared the Thirty-ninth Agricultural Fair district and a board appointment.

RIVER MONSTER SOUGHT IN VAIN BY DIVER EMPLOYED AS NEGROES
TELL OF "BIG, GRAY, SLIMY CREATURE" SEEN IN
WHITE RIVER; 2-DAY HUNT FRUITLESS

NEWPORT, Ark. (UP)—Many river residents—particularly Negroes—still believe firmly that a sea monster "as big as a box car" lives in White River bend, despite the recent search by the chamber of commerce's triple-threat deep-sea diver.

Rumors concerning the presence of the monster have been current in White River bottoms for more than 14 years. Any number of Negroes say they have seen the monster and describe it as a "big gray, slimy creature without a scale on it."

The supposed monster received wide publicity recently when a group of citizens complained to the state game and fish commission that the monster was gobbling up all the catfish in the river, and implored the state officials to rid the river of the beast.

Officials refused, but the Newport Chamber of Commerce, with an eye toward publicity and prospects for

Mrs. Ben Brown of Pleasant Valley, to whom a son was born September 7, is visiting a few days with her mother at Sacramento prior to returning home with her son. The young man's father, Ben Brown, is a well-known Pleasant Valley rancher and an active member of Three Forks Grange.

commercializing on the monster, hired a deep sea diver from the U. S. Engineers in Memphis.

The diver, Charles Brown, descended two days and saw nothing more dangerous than some white perch. At one time spectators who had paid 25 cents for seats on stumps were sure the monster had been routed. Brown's diving suit accidentally filled with air and he shot to the surface looking very much like a monster himself.

SAFETY CONGRESS MEETS
OCTOBER 11TH AT
KANSAS CITY

CHICAGO—Ten thousand men and women will mobilize for renewed war on accidents at the 26th National Safety Congress and Exposition October 11 to 15 in Kansas City, Mo.

Accidents—all kinds that killed 111,000 Americans and injured more than 10 million others in 1936—will be given microscopic study by the delegates in an effort to prevent future tragedies.

More than 400 speakers will discuss accident prevention in the home, on the farm, on the streets and highways, in industrial plants, in the schools, in the air and at sea. In all, 113 sessions will be devoted to every conceivable phase of safety.

VAST FORTUNE SHRINKS
TO OLD TRUCK WORTH
BUT \$20

By ARTHUR N. SUVERKRUP
United Press Staff Correspondent
SAN DIEGO (UP)—A broken-down,

four-cylinder truck, which will not operate and is worth only \$20 today, is all that is left of a fortune once counted in the millions of dollars.

The vast fortune which Claus Spreckels inherited from his sugar baron father, the late John D. Spreckels, dwindled during the lifetime of the son to that wreck of a motor vehicle.

Unfortunate investments and ill-advised speculation in the stock market largely was responsible for the swift drop in the Spreckels fortune.

However, when Claus Spreckels died here a few years ago, his children, Claus, Jr., Frank, Barbara Ellis and Clair, and his widow, Mrs. Ellis M. Spreckels, were not left penniless.

Trust funds established by the grandfather cared for their financial interests, independent of the state of the father's estate, it was revealed, just as trust funds cared for other grandchildren.

The widow is re-married now, and Claus, Jr., only a few months ago, took a bride at a quiet family wedding in Coronado.

Republican Classified Ads Always Pay

Bargain Maps Offered To
Congressional Library

WASHINGTON (UP)—The Congressional library may buy a collection of 200 maps, described by the Coloradan who owns them as follows:

"The ones ranging in size from the size of a napkin to a dish towel, you may have for 25 cents each. The ones ranging in size from a Turkish towel to a small-sized tablecloth, you may have for 50 cents each."

OLD TIMBER TRAILS TO
BE MODERN ROADS
IN MICHIGAN

MUNISING, Mich. (UP)—The almost obliterated vestiges of trails used in the rough, slow-moving, lumbering days are being re-fashioned into a Lake Superior scenic highway for swift motorized travel.

The new "Gitchee-Gumee" highway will embrace picturesque scenic woods, with stretches of plain, river and old logging sites. The drive will start from the Sault Ste. Marie steamship locks and lead to the open pit mines and lumber industries of western Upper Michigan.

It will afford views of the Porcupine Mountains, three national forests, game refuges, the Picture rocks, Tahquamenon Falls and Lake Superior.

STATES ACT JOINTLY TO
ATTACK PROBLEMS OF
GOVERNMENT

By WILLIAM H. LAWRENCE
United Press Staff Correspondent
CHICAGO (UP)—Problems that could

not be solved and rackets that couldn't be checked because they have hidden in the "no man's land" of government, faced a determined challenge today as states prepared to crack down with a new weapon of inter-state co-operation.

Officials of the Council of State Governments announced that 35 of the 48 United States have set up the machinery for co-operation and the machinery will go into operation soon. Twenty-five states took the step in 1937.

Problems the new united front of states will advance first upon are national in scope, according to council officials, and include:

Crime control.
Conflicting taxation.

The knotty interstate problems involved in the new social security program.

LOVERS' LANE

ST. JOSEPH, Mo. (UP)—Hermon Atkins McNeil, nationally known sculptor, will execute the design of the monumental marker on Lovers' Lane here and the statue of Little Boy Blue as a memorial to Eugene Field.

OCTOBER MEETING OF COMMERCE BODY AT PACIFIC HOUSE

The October meeting of the El Dorado County Chamber of Commerce will be a dinner meeting, on the third Monday of the month, at Pacific House.

This is according to action taken at Monday night's meeting, held, as usual, at Hotel Raffles.

Dinner reservations should be made with the secretary.

The meeting at Pacific House is a fore-runner of similar meeting projected for next summer, which may be held at various resorts or at other communities in the rural county.

Courier Publisher At C. Of C. Meeting

Norman H. Robotham, who recently purchased The Pony Express Courier, was a visitor at Monday night's meeting of the chamber of commerce at Hotel Raffles and spoke briefly.

Mr. Robotham mentioned his pending application before the Railroad Commission for a permit to conduct three-day all-expense tours through the Mother Lode from San Francisco, and said that Placerville and Sonora would be over-night stopping places for the touring parties.

He offered the chamber for the next three months the use of a quarter page in The Pony Express Courier, gratis.

PWA SPENDING HALTED BY ROOSEVELT ORDER ON TUESDAY

HYDE PARK, N. Y. (UP)—President Roosevelt today called a halt on further Public Works Administration spending for big work-relief construction projects.

His White House announcement said "there has been a decreasing need for this stimulation with the passing of the economic extremity."

Mr. Roosevelt's action came as he approved final allotments under the P. W. A. extension act of 1937. The allocations were for \$113,034,735 in grants and \$58,005,700 in loans on 1253 municipal projects.

Sales Tax Praised As School Safeguard

SAN DIEGO (UP)—California's sales tax is the principal safeguard of the public school system of the state, Governor Frank F. Merriam said in an address here last night.

As a result of the tax, the governor said, California has established a record of being the only state in which no schools have been closed because of financial difficulties.

Thanksgiving Turkeys Higher This Year

SAN DIEGO (UP)—Turkeys for the Thanksgiving and Christmas feasts are going to cost more, and there will be considerably fewer of them available this year.

R. M. Sexauer, manager of the San Diego Co-operative Poultry Association, said there has been a reduction of nearly 20 per cent in the turkey supply over that of a year ago.

New York Hails Legion In Big Parade

NEW YORK (UP)—The American Legion marched up Fifth Avenue today before upwards of 1,500,000 persons who jammed the sidewalks against boarded shop windows, overflowed the grandstands and peered from every window along the three-mile route.

It was the climax of the Legion's 19th annual convention which started Monday and will close Thursday night.

Forced Landing Caused By Grasshopper

DOLGEVILLE, N. Y. (UP)—A grasshopper caused a forced landing of an airplane here.

While the plane was being refueled the insect became lodged in the feed-pipe, and shortly after taking off the motor stalled. The pilot landed his craft in a field without serious damage, however.

Mr. and Mrs. Arthur Mart and son were Reno visitors over the week-end.

Justice of the Peace T. F. Lewis officiated Monday at the marriage of Richard Hutcheson and Helen Masten. The couple will make their home at Stockton.

CORAL REEFS IN MISSOURI
FULTON, Mo. (UP)—A collection of Missouri coral reefs has been given to the Missouri Resources Museum at Jefferson City by Dr. A. R. Hammen, Fulton dentist. He found the reefs while hunting Indian relics.

FIRE—Fire and smoke poured from the torch of the Statue of Liberty, in New York harbor, signaling the beginning of Constitution week. The American Constitution was signed Sept. 17, 150 years ago.

WOUNDED FOLSOM GUARD CAPTAIN REPORTED "VERY CRITICAL"

SACRAMENTO (UP)—Condition of Guard Captain William J. Ryan, injured during Sunday's attempted break by convicts at Folsom prison, was reported "very critical" by Mercy Hospital attendants, today.

Warden Clarence Larkin, also slashed by convict knives, was reported slightly improved at Sutter Hospital, after "resting good" during the night.

Meanwhile District Attorney Otis D. Babcock prepared to go before the county grand jury tomorrow and ask murder indictments for the five surviving convicts involved in the plot.

Sobriety Test Fails As Motorist Can't Spell

DALLAS, Tex. (UP)—One traffic violator here, being tested for intoxication, found a way to "beat the rap."

When asked by Deputy Sheriff J. E. Butler to write his name on a card while taking a sobriety test, the motorist, replied: "I can't. I can't spell it."

"What!" roared the deputy. "You mean you can't spell your own name!"

"Nope; and I'll bet you can't either," the inebriated motorist said with a grin.

Deputy Butler scratched his head, and was forced to admit that he was stumped. The motorist was released.

The chamber of commerce at its meeting Monday night at Hotel Raffles voted to abandon the large sign maintained for several years at Greenback Lane on U. S. Route 40, designed to guide tourists to Lake Tahoe over U. S. Route 50. Trees, it was said, have grown up in front of the sign, impairing its usefulness.

Mr. and Mrs. William H. Hays have named their son, born Sunday, John Westphal Hays.

Recorder's Filings

September 20

Amended Location—Middle Fork Association Placer Mining Claim, by L. Cross, etals.

Lis Pendens—People of the State of California, vs. W. J. Stone, etals, defendants.

Deed—Title Insurance & Guaranty Company, to B. Arribalsaga and Josephine L. Arribalsaga, as joint tenants.

GEN. DENHARDT'S MURDER CHARGED TO BROTHERS OF SLAIN WOMAN

SHELBYVILLE, Ky. (UP)—The three Garr brothers of Oldham County, members of Kentucky's Blue Grass aristocracy, today were charged with killing Brigadier General Henry H. Denhardt, 61, 11 hours before he was to have gone on trial for the second time, accused of murdering Mrs. Verna Garr Taylor, their sister.

A joint murder warrant was filed against Dr. E. S. Carr, Roy Garr and Jack Garr by Coleman Wright, Shelby County attorney, at almost the hour that General Denhardt, "Iron Man" of Kentucky military circles, was to have gone on trial again at nearby New Castle on charges of shooting to death the beautiful 40-year-old widow to whom he was engaged, last November 7.

In the main street of Shelbyville, before at least ten witnesses, two of the Garr brothers assassinated General Denhardt last night.

SCORED THE PRESIDENT—Asserting inactivity of American warships in the Whangpoo river at Shanghai, as convoys for American refugee boats, here are Mrs. Theodore Roosevelt, Jr., and her son Quentin, as they arrived at Victoria, B. C., from China. She scored President Roosevelt for announcing that Americans in China stayed at their own risk.

The Underwood and White Salmon districts of Washington expect a large crop of Bartlett pears this season. Pea growers of Dayton, Wash., imported 5,000,000 ladybugs from California, to work on green aphids.

36,000 To Feed In Ohio State Prisons

COLUMBUS, O. (UP)—Ohio has a large "family" to feed three times a day. The "family" numbers more than 36,000 and represents the prison population of the entire state.

Mrs. Margaret Allman, state welfare director, explains that with the rising food prices she feels that "only" \$3-733,000 may not be sufficient for the gastronomic needs of the state's wards.

Supervisor Dan M. Bassi was a caller Tuesday in the county seat.

Do you know the fun

of living electrically?

Read about and Enter this \$40,000 PRIZE CONTEST ON THE ELECTRICAL STANDARD OF LIVING

How would you like to win a \$12,000 New American Home planned to fit your needs—a home that would be fun to live in because it was equipped with electrical servants that reduce housework to a minimum?

How would you like to win \$200 worth of electrical appliances that make housework easy and save your strength—a dishwasher, range, clothes washer, ironer, refrigerator or a combination of small appliances, whose retail prices total not more than \$200?

You have every chance to win the 1st Grand Prize or the 2nd Grand Prize. You may be the winner of one of the 10 valuable weekly awards. In this contest there is a total of 102 prizes. You have every chance to win.

All you have to do is to write 100 words on why the electrical standard of living appeals to

you. And that should be easy to every man or woman who knows how electricity has put fun into living with the modern radio, dishwasher, vacuum sweeper, refrigerator, percolator, toaster, waffle iron, etc. Just tell in 100 words what these electrical servants have meant to you and your family, the freedom they give, the fun they are to use.

To help you write your letter you should have a copy of the FREE folder, "Invitation to Participate." It gives the facts. It tells the story. It contains the official entry blank. And it places you under no obligation.

Call, write or phone any P. G. and E. office for your copy. Or ask any General Electric dealer. The sooner you get it—and write your letter—the sooner your chance of winning a prize. So get started today.

Ten Winners Each Week!

Contest	Opening	Closing
1st Contest	September 27th	October 2nd
2nd Contest	October 4th	October 9th
3rd Contest	October 11th	October 16th
4th Contest	October 18th	October 23rd
5th Contest	October 25th	October 30th
6th Contest	November 1st	November 6th
7th Contest	November 8th	November 13th
8th Contest	November 15th	November 20th
9th Contest	November 22nd	November 27th
10th Contest	November 29th	December 4th

First award announced Oct. 11 and every Monday thereafter.
